What is Farm Bureau?

Farm Bureau is a private, non-profit membership organization. It is completely controlled by its members through the democratic process and is financed by voluntary membership dues. Its strength comes from the active participation of over 30,000 member families that belong to the state's 23 county Farm Bureaus.

When you join your county Farm Bureau, you are also becoming a member of the Maryland Farm Bureau and American Farm Bureau Federation. AFBF represents more than 6.2 million member families in over 2,800 counties.

Farm Bureau's purpose is to increase net farm income and improve the quality of life by providing a legislative voice, increasing public understanding and promoting member involvement. The organization helps members accomplish their goals together - something they cannot do alone.
